APPLICATION FOR REGISTRATION LIMITED PETROLEUM DEVICE TECHNICIAN

(Note: Fill out in ink or other indelible substance - Please Print / or Type)

(Note: This application is only for those who service, but do not calibrate, Liquefied Petroleum Gas meters)

I, _____ Home Phone: (____) ____ - ____ Age: ____
(Full Name)

_____ Home Address _____ City _____ State _____ Zip Code
do hereby apply for registration as a Limited Petroleum Device Technician in the State of North Carolina in
accordance with North Carolina Gasoline & Oil Regulations (Title 2, Chapter 42, Section .0700 of the North Carolina
Administrative Code.)

I am employed by: _____ Business Phone: (____) ____ - ____ ext ____

_____ Business Address _____ City _____ County _____ State _____ Zip Code

1. I have had ____ years' experience in the service, installation, repair, and maintenance of LP-Gas measuring devices and affirm that I understand and will comply with the applicable sections of the Gasoline & Oil Inspection Law (Chapter 119 of the NC General Statutes), North Carolina Gasoline & Oil Regulations (Title 2, Chapter 42 of the NC Administrative Code) of the North Carolina Department of Agriculture & Consumer Services, and to the General and Liquefied Petroleum Gas Liquid Measuring Devices Code Sections of the currently adopted edition of NIST Handbook 44.
2. This registration applies to minor repairs to registers, or replacement of register heads, where the gear ratio is not in any way altered or changed, and when the meter is placed back in service.
3. This registration applies to any other work on the meter when the calibration is affected. The owner or operator must be informed that the meter requires calibration and may not be placed in service until a calibration is performed by a certified technician.
4. This registration does not include authority to repair, adjust, or break seals on temperature compensators unless the requirements of item 3, above, are followed.
5. I fully understand that my registration is subject to revocation due to misrepresentation of fact, incompetency, or failure to render satisfactory service on my part.

6. I will seal all adjustments with a lead and wire seal stamped with a 'bulldog' sealer with my three (3) initials on one side and the current year on the other.

A lead and wire seal as described above must be attached before this application can be processed.

7. I will notify the director's office of the fact that I have repaired or adjusted a rejected pump, meter, or other liquid measuring device, giving the name of owner, location, and date service rendered, and my registration number, and mail this notice the same day repair or adjustment is made.

8. Please enclose the required \$20 fee.

Applicant's _____ This _____
Signature _____ the ____ day of _____, 20 _____

The Standards Division does not consider criminal history in the issuance of this license.
